PROFILE

Final-year MSc student in Control, Robotics and Signal Processing (MARS) at Polytech Orléans. I carry my projects from modelling to real hardware: control design, industrial and collaborative robots, PLCs and embedded boards. I am looking for a **6-month end-of-studies internship starting in March 2027** in control engineering, robotics or embedded systems.

TECHNICAL SKILLS

- **Control:** Controller design (PID, IMC, state feedback), signal processing
- **Robotics:** Stäubli (VAL 3), FANUC, Doosan and Universal Robots cobots
- **Automation:** Grafset (SFC) design, industrial automation, ISIS simulation
- **Embedded systems:** STM32, ESP32, Arduino
- **Tools:** Python, C/C++, MATLAB, Simulink, LabVIEW

TECHNICAL PROJECTS

Programming industrial and collaborative robots

Pick-and-place on a Stäubli TX60L (VAL 3) and on FANUC, Doosan and UR cobots.

Industrial automation on Siemens and Schneider PLCs

Wiring, Grafset design and programming of 5 industrial test rigs.

Balance control (self-balancing motorcycle)

State-feedback control (Simulink, Simscape), Arduino and IMU.

Autonomous obstacle-avoiding mobile robot

C/C++ on Arduino, LiDAR, encoders, state machine.

More projects (drone, turbofan engine, IoT, LabVIEW): souadelkhataby.github.io

PROFESSIONAL EXPERIENCE

Customer Service Agent, then Quality Specialist – Konnekta, Casablanca **10/2021 – 06/2024**

— Quality control, monitoring and analysis of performance indicators; promoted after one year

Electrical Engineering Technician Intern – Prominox, Casablanca **04/2021 – 06/2021**

— Study of a laser cutting machine: diagnosis and analysis of its electrical operation

EDUCATION

MSc in Control, Robotics and Signal Processing (MARS) **2025 – 2027**

University of Orléans / Polytech Orléans

Bachelor's in Engineering Sciences, Electrical Engineering (EEA) **2024 – 2025**

Université Clermont Auvergne

Two-year Technical Degree (DUT) in Electronics and Industrial Computing **2019 – 2021**

École Supérieure de Technologie, Casablanca

LANGUAGES & CERTIFICATIONS

Languages: French (C1, TCF), Arabic (native), English (fluent)

Certifications: MathWorks – Simulink Fundamentals, MATLAB Desktop Tools (2025)
